# Introduction

Since 1987, Broome Surf Life Saving Club has provided a volunteer beach safety service of the highest standard to the community of Broome and to the thousands of visitors who enjoy Cable Beach every year.

In that time, Broome Surf Life Saving Club has provided more than 30,000 hours of beach patrol time at no cost to the community. If paid for, the cost of this service would equate to over one million dollars, but our service to the community is free.

Broome Surf Life Saving Club has grown from our initial membership of 10 people to our current member base of more than 400. This number is made up of Juniors (8 – 13 years), Youth (14 – 16), Seniors (16 and upwards), Associate Members and Community Members.

Broome Surf Life Saving Club has demonstrated a commitment to continually assess and improve our facilities and our level of service. This has created a strong and reliable club with an excellent record in youth development, junior activities, community service and sporting achievement.

Broome Surf Lifesaving Club is seeking your support to achieve our mission in providing comprehensive education, competition and participation programs for our members and the community.

Most importantly, it is our community that will benefit from your support. Your support will assist us in funding the purchase and maintenance of vital rescue equipment, the education of our beach patrol teams and to encourage our youth to participate and compete in Surf Lifesaving.

Broome Surf Lifesaving Club has several sponsorship packages available. Our strategy is to provide potential sponsors with different options to support our Club and multiple incentives such as signage, promotion and use of Club facilities in return.

Broome's Cable Beach is recognised as an iconic location, not just within Australia, but worldwide. Help us to ensure that Cable Beach remains a safe beach environment for all to use and enjoy.

# Broome Surf Life Saving Club

## Our Vision

To provide the Broome community with a safer environment at Cable Beach.

## Our Mission

Broome Surf Life Saving Club is committed to being a volunteer, community-based provider of emergency services, recreation, sport and family involvement at Cable Beach, Broome, through best practice in:

- Ensuring a safe beach environment through the provision of lifesaving services through vigilance, education, prevention and rescue.
- The provision of comprehensive development programs for members to gain personal growth and develop skills.
- Promotion of all aspects of surf lifesaving and associated community-based activities with a special emphasis on youth.
- Promotion of excellence in surf sports through broad based participation, equity and access to competition and the opportunity to develop to National performance levels.

# NOTATIONS

**GST on Sponsorship Packages** – Sponsorships are subject to GST. Sponsorship invoices will have GST levied in addition to the package prices noted above. Businesses can then claim this GST back as part of your regular BAS return process.

*For example, a Gold sponsorship package will be invoiced at \$2,200 (\$2,000 sponsorship plus \$200 GST).*

**Free Function Room Hire** – Subject to availability. Sponsors are required to comply with the Club's Function Agreement terms and conditions.

Function bookings can be made by contacting the Club Manager at [admin@broomeslsc.org.au](mailto:admin@broomeslsc.org.au). You must complete a "Function Application and Hire Agreement Form" and pay a \$500 partially refundable bond to secure your booking. Please advise that you are a sponsor when making your booking.

**Donations** – If you wish to support the Club and require nothing in return, this is classed as a donation. Donations are GST free and fully tax deductible, as the Club has a registered charitable status. The above sponsorship benefits do not apply to donations.

## Acknowledgement

The Board and Members of the Broome Surf Life Saving Club would like to acknowledge and thank you for your sponsorship, which helps us to continue to operate as a volunteer club and concentrate on our core mission of keeping the public safe on our iconic Cable Beach.
